

KEY FOB WITH SPLIT RING BAG HARDWARE INSTALLATION INSTRUCTIONS

Metal key fobs includes a clamp piece with a split ring. Great for creating accents or keychains on bags, purses, wallets, and more, this clamp-style key fob is the ideal attachment for your project needs. Split ring can be used as an attachment point for keyrings or snap hooks. Available in a variety of finishes.

TOOLS YOU WILL NEED BEFORE GETTING STARTED:

1. Key fob with split ring
2. Item for attaching (ex: strap)
3. Flat jaw plier

INSTRUCTIONS:

Wrap the clamp piece in the open position around your strap.

Pinch closed with a flat jaw plier, until the teeth catch in the fabric of your strap.

Be careful not to pinch too tightly as this will damage the finish of the key fob.
